

IN WASTE DEEP?

EXTRA RUBBISH COLLECTION DATES

The end of June sees thousands of students moving out of their houses and consequently what can be large amounts of unwanted items left in Bournbrook.

To support this extra rubbish collections have been planned which will remove all bulk rubbish such as mattresses and unwanted furniture. Please note that tyres, paint, concrete, builders waste, gas bottles, oil, chemicals, fridges, freezers and asbestos will not be collected.

To have your items collected, simply place them on the pavement outside your house the night before collection – items **will not** be collected from gardens. **Dates for road collections are detailed overleaf.**

Recycling

You can also recycle unwanted items such as clothes, electrical items etc.

- **Clothes** – can be deposited at the recycling bins on Raddlebarn Road (just by St Marys Hospice) or Aldi car park
- **Electrical items** – contact your Community Wardens for details
- **Paper, card, glass and cans** – can be recycled with the normal recycling collections (June 14th & 28th, July 12th & 26th)
- Additionally the **Salvation Army** will be dropping bags off to collect items during the first two weeks of June. Please place on the pavement for collection

These collections are for all residents. If you have an item that needs moving and you have no way of doing so please contact your Community Wardens for assistance.

Additionally there will be collections on all roads on the following Saturdays: 19th June, 26th June, 3rd July & 10th July - so if you miss your road's dates, these are an alternative. Please remember to use these extra collections as they make the area nicer for those remaining in Bournbrook over the summer and also for those moving in after you.
