### **Meeting:**

JB Explained where we are with this policy and what the next steps are

HA read over the policy and looked into what are options are: instant approval or ASV

HA proposes going to an ASV, especially as other officers are unable to attend today

JB agrees that this requires wider student input and wider student scrutiny. As we may require some legal advice, we will need to send this forward to Jo Thomas and James Lindsey for oversight, as it may need some amendments.

JB: Hope, are you happy to send this to the next ASV

HA: Yes, happy for this policy to go to the next ASV

PA to send email to action group members with updates from this meeting and for final comments.
